GERMAN RESENTMENT OVER U.S. PRESIDENT'S ADDRESS

MR. ROOSEVELT ACCUSED OF "PLAIN LYING"

Annoyance At Allusion To Religious Persecution

BERLIN, MARCH 5 (REUTER).—PRESIDENT ROOSEVELT HAS AGAIN ROUSED THE ANGER OF GERMANY BY HIS ADDRESS YESTERDAY. Semi-official comment accuses the President of "plain lying," especially in his remarks about religious persecution.

The same source also resents the President's allusion to the "free press."

WASHINGTON, March 5 (Reuter).—Mr. Roosevelt today stressed the benefits enjoyed by Americans under a democratic form of Government, and compared them with those of peoples "living under personal rule" when he addressed the Congress on the occasion of its 150th birthday.

Mr. Roosevelt added: "The United States will give no encouragement to the belief that our processes are worn out or that we will approvingly watch the return of forms of government which, for two thousand years, have proved their tyranny and their instability alike."

Continuing, Mr. Roosevelt asserted: "There is a vast chasm between our representative democracy and those by reversion to 'personal rule,' which has characterised these recent years."

TWO MAJOR DIFFERENCES between these forms of government were the democratic principle "free choice by body policy" and the freedom guaranteed to the United States democracy under the Bill of Rights.

He said that he wondered whether the American people ever paused to compare the "blessed right of trial by jury" with some of the processes of trial punishment which lately have been re-incarnated from the justice of the dark ages.

"GOODWILL" AIM NEW YORK, March 5 (Reuter).—Herr Wiedemann, who arrived here en route to San Francisco to take up duties as Consul-General for Germany, declined to discuss politics and said that his only aim was "goodwill."

Conversing with reporters he said that Herr Hitler "made a very good soldier" when he was a despatch runner under him during the Great War.

BRITAIN'S ARMAMENTS: GERMAN FEARS ALLAYED BY AMBASSADOR

COLOGNE, March 5 (Reuter).—A reply to fears expressed to him from Berlin in regard to what guarantee there was that "your armaments would not be used later for a deliberate attack on Germany," was made by Sir Neville Henderson, British Ambassador, in his speech at a dinner given in his honour on the occasion of the founding of the local German-English Society.

BRITAIN'S AMBASSADOR TO NATIONALIST SPAIN

LONDON, Mar. 5 (T/Ocean).—Sir Maurice Drummond Peterson, who has been appointed first British Ambassador to Burgos, enjoys the reputation of a gifted diplomat of younger school. Now fifty years of age he began his diplomatic career by accompanying Lord Balfour in 1921-1922 as his Private Secretary to the Washington Conference and was later attached to the British representations in Washington, Sofia, Prague, Tokyo and Madrid. He played a prominent part in the Laval-Hoare Agreement.

Sir Maurice knows Spain from the time he was First Secretary to the British Embassy in Madrid in 1931, the year of the abdication of King Alfonso.

FRENCH AMBASSADOR IN CHUNGKING

CHUNGKING, Mar. 5 (Central).—M. Henri Cosme, new French Ambassador to China, arrived here from Künming by a Eurasia plane this morning. He was greeted at the aerodrome by a group of Chinese officials and officers of foreign Embassies and Consulates in Chungking.

The French envoy will pay his first official call on Dr. Wang Chung-hui, Minister of Foreign Affairs, to-morrow afternoon.

The date of presentation of credentials to Mr. Lin Sen, Chairman of the National Government, has not yet been fixed.

Sir Neville referred to Mr. Chamberlain's speech in the House of Commons that British armaments were for defence alone and also the declaration by Lord Halifax in the House of Lords that no Party and no statesman in England would for a moment contemplate an aggressive war or could ever get any support for such a policy.

On the other hand, added Sir Neville, every British Party, statesman, and individual would, in self-defence, always be compelled to resist forcibly any threat to their independence or their vital interests.

Sir Neville referred to the remark made by Herr Hitler on February 22 that Anglo-German co-operation would be fortunate for the whole world and Mr. Chamberlain's reference thereto and also to Mr. Blackburn's speech on February 22 when he agreed with Herr Hitler that he could think of nothing which would conduce more greatly to the establishment of world peace.

The Ambassador concluded by urging his hearers to work together with him for the realisation of this high endeavour.

11 KILLED IN BORDER CLASH

BBINKING, Mar. 4 (Reuter).—Eleven Soviet soldiers were killed this morning during attacks on a Manchukuo frontier post 120 miles north of Manchuli. The border situation is reported to be more tense as result of "constant Soviet forays."

No "Manchukuo" losses are reported in to-day's engagement.

NEW PUPPET CHIEF FOR CANTON

CHINESE PLAN TO COUNTER-ATTACK

(From Our Own Correspondent) CHUNGSHAN, Mar. 5.—Mr. Wen Tsung-yao, the so-called Legislative Yuan chief of the Nanking puppet government, is reported to be coming to Canton to head a new regime here in place of the one headed by Pang Tung-yuan, who is too obscure a figure to command any respect.

Puppet officials in Canton are said to be frightened by recent appearance of Chinese guerrilla units in the northern and eastern outskirts of Canton. The city is deserted after dark as the population is afraid of sudden attacks by the mobile units. Besides, thieves, robbers and kidnappers are rampant.

High military commanders such as Gen. Chang Fa-kuei, Yu Hon-mou, Li Hon-wan and others held a military conference somewhere in North Kwangtung yesterday in connection with the present counter-attack on the Japanese position in the vicinity of Canton.

The troops of the 12th Army Group are launching another attack on Tsengshing, north of the East River, and gunfire was heard last night at Pok Lo and Tung-kun. The Chinese forces are moving their new guns for storming the Japanese position in Tsengshing, which was quiet until two days ago.

Over 100 Japanese soldiers were killed in an engagement with a regiment of the 12th Army Group at Sunkai and Summenfou, about 35 miles north of Canton. The enemy retired to Taluk, leaving behind the dead and many rifles and machine-guns.

The Japanese have built several pontoon bridges across the West River at Hoehing, according to a communiqué. At Kiukang, the Japanese are storing up arms for an expected drive westward.

SURPRISE FOR ARAB DELEGATES

LONDON, Mar. 5 (Reuter).—It is understood that a surprise was sprung on the Arab delegates at the conference between the British Government and the Arab Committee yesterday in the form of a proposal from the British Government for a government in Palestine during what is known as the transition period.

It is stated on good authority that the proposal involves the division of Palestine into two or more cantons and provision for houses of legislature of which one will be the lower house in which the Arabs and Jews would be represented roughly in the present proportion of the population.

The upper chamber would be similarly composed but it is understood that the methods of reaching decisions will differ in the two houses. In the lower house it would be by majority while in the upper-house decisions would be reached by Arabs and Jews voting separately.

JAPANESE DEFENCE WORKS DESTROYED

YUNGYUN, KWANGTUNG, Mar. 4 (Central).—Japanese defence work near Old Samahui City have been destroyed by Chinese guerrillas.

The Japanese at Fatsien, 25 miles north of Canton, forced the Chinese able-bodied men to organise themselves and help to protect the Canton-Hankow Railway against Chinese guerrillas attacks. Instead, the Chinese took up their arms and joined the guerrillas.

ANOTHER PUPPET ATTACKED

CHUNGKING, Mar. 4 (Central).—A Shanghai despatch received here to-day reports an attack on another Chinese puppet by unidentified assailants.

Shen Su-ping, so-called director of education in Kiang-shan, on the Shanghai-Hangchow Railway in Chekiang, was attacked and seriously wounded in the outskirts of the town on Thursday. He was sent to hospital in Shanghai yesterday.

FIERCE FIGHTING IN CENTRAL HUPEH

Poison Gas Used By Japanese

CHUNGSIANG, HUPEH, Mar. 5 (Central).—With the intention of forcing their way to Chungsiang, the gateway to Ichang, Japanese troops in Central Hupeh are throwing their main pressure on the Kiangshan-Chungsiang highway.

Several engagements have taken place at Sunchiao, north-west of Kiangshan. Poison gas is alleged to have been liberally used by the Japanese in their attempt to dislodge the Chinese.

Though poorly equipped against poison gas, the Chinese have been able to hold back the Japanese assaults.

On the Hankow-Ichang highway the Japanese are also meeting with stubborn resistance from the Chinese.

Another point of bitter contention is Sanyangtuen, west of Hankow. On Friday, about 400 Japanese casualties were inflicted in a bitter encounter. Under further Chinese pressure the Japanese line there is reported to be wavering.

SITUATION IN SHANSI

YUANKU, SHANSI, Mar. 5 (Central).—After a brief occupation by 2,000 Japanese troops from Hungtung in Shansi, Kintsuichen, west of Hungtung, has returned to Chinese control. The Japanese suffered considerable casualties in the encounter preceding the Chinese recapture of the town.

TSENGSHING SECTOR

SHIUKWAN, KWANGTUNG, Mar. 5 (Central).—Chinese troops launched an attack against the Japanese stationed at Lanchingau, in the Tsengshing sector, in Kwangtung, at dawn yesterday morning.

Braving heavy Japanese artillery bombardment, they steadily pressed on the Japanese line. Fighting continued in the afternoon. The rumbling of cannons was audible in Pokio, southeast of Tsengshing.

WARSAW CENTRE OF DIPLOMATIC ACTION

Poland To Make Definite Claim To Colonies In Three-Power Front

LONDON, MARCH 5 (REUTER).—THE PRESENT PERIOD OF APPARENT QUIESCENCE IS NOT LACKING IN DIPLOMATIC ACTIVITY WHICH, NONETHELESS IS INTERESTING FOR BEING PARTLY VEILED. Diplomatic correspondents do not expect an overt development until the Spanish war is sufficiently liquidated to permit Mussolini to disclose the extent of his claims against France. None risks any firm prophecy as regards the nature of the claims though some profess to see grounds for the hope that they will be predominantly political rather than territorial.

Interest in the present diplomatic activity centres on Warsaw. According to a Rome despatch Signor Gayda, who accompanied Count Ciano, Italian Foreign Minister, thither, has just returned and declared that Poland will shortly make a definite claim to colonies in a three-Power front with Italy and Germany.

Signor Gayda suggests that the great colonial Powers should partition their empires among the vigorous and prolific races with guaranteed free trade in products substituted for outright possession. At the same time he advances the claim to outright possession for nations with prolific populations on the ground that agricultural lands throughout the world need affing.

Italy, Germany and Poland can furnish the necessary peasant labour, France and Britain cannot, he adds.

A Warsaw message declares that the Polish Government has decided to create a special Colonial Department to carry on propaganda at home and abroad in favour of colonies for Poland and the department will also comprise experts to train "colonial pioneers" who will study tropical farming and languages of African tribes.

GERMAN EXPANSION Following Count Ciano's departure from Warsaw, the Polish Foreign Minister, Col. Beck, is devoting his attention to the Rumanian Foreign Minister who

has just arrived at the head of a mission. The main subject for discussion, according to the "Sunday Times" Warsaw correspondent will be the attitude of the two countries to Russia on the one hand and to possible German eastward expansion on the other.

The problems will be approached through consideration of the existing Polish-Rumanian military alliance which has recently undergone a cooling process since King Carol refused, after Munich, to support Polish attempts to establish a common Polish-Hungarian frontier.

MURDER CASE IN YUANLING

YUANLING, HUNAN, March 4 (Central).—The local garrison authorities are searching high and low for the murderer of Mr. Hung Hsi-wu, former departmental chief of the Hunan Provincial Government, who was shot and killed outside the western gate yesterday evening.

The assassin, who was said to be wearing a suit of blue student uniform, succeeded in making good his escape before police arrived on the scene.

A reward of \$3,000 has been posted by the authorities for information leading to the apprehension of the murderer.

ANOTHER JAPANESE WARNING

CHUNGKING, Mar. 4 (Central).—The Japanese naval authorities have issued a notification, warning vessels of third parties to keep away from the mouth of the Shenyang River in north Kiangsu before dawn to-day, because of military operations, according to a Shanghai despatch. They are advised to anchor at least 40 miles from that point.

The Japanese naval authorities disclaim any responsibility for damage to vessels which fail to comply with the request.

POPE SLIPS ON MARBLE STAIRS

ELBOW BRUISED: NOT SERIOUS

ROME, Mar. 5 (Reuter).—The fact that a slight mishap befell Pope Pius XII on Friday has just been disclosed. His Holiness was en route to the Sistine Chapel to receive the Cardinals' homage when he slipped on the marble stairs, and hurt his elbow. The doctor reported that the injury was a bruised elbow and was not serious.

For the first time since 1870, when the Pope became a voluntary prisoner of the Vatican, Pius XII will be crowned outside the balcony of St. Peter's in full view of the crowd on the square below.

The appointment of a new Papal Secretary has not yet been announced but names most-freely mentioned are Cardinal Maglione, ex-Nuncio of Paris, and Cardinal Tedeschini.

GOVERNMENT ASKED TO INTERVENE

BOMBAY, Mar. 5 (Reuter).—The Secretary of the All-India Congress Socialist Party has issued a statement urging that a 24-hour ultimatum be sent to the British Government, as the paramount power, to intervene to save Mr. Gandhi's life. As an alternative, he said, the Congress ministries would resign.

Most of the Congress ministries have telegraphed to the Viceroy urging his immediate intervention.

DECISION TO RESIGN BOMBAY, Mar. 5 (Reuter).—It is understood that the Bombay Ministry has decided to resign if Mr. Gandhi's fast is not ended by Monday or Tuesday.

FORGED COPIES OF "TAKUNGPAO"

CHUNGKING, Mar. 5 (Reuter).—The "Takungpao" published an announcement this morning stating, "Forged copies of the 'Takungpao' are a present in circulation in Shanghai by mail advocating peace and anti-Communist policies alleged to have been published in Changsha and in Hunan. Our Shanghai edition suspended publication in the winter of 1937. The 'Takungpao' is now only publishing in Chungking and Hongkong."

"OFFER GOLD" DRIVE IN CHUNGKING

CHUNGKING, Mar. 5 (Central).—The "Offer Gold" Drive sponsored by the New Life Movement is in full swing in Chungking, the wartime capital. The largest single donation so far was \$800,000 offered by the Bankers' Guild on March 3.

Yesterday \$50,000 was collected. This amount included \$3,000 from the Newspapers Union, \$10,000 from Mr. Wu Yün-chu, factory proprietor, \$3,000 from Gen. Ho Ying-chin, Minister of War, \$5,000 from Mr. Chu Cheng, President of the Judicial Yuan, and \$1,000 from Mr. Wang Po-chun, former Minister of Communications.

OUTSIDER WINS TO PAY ALL-TIME RECORD DIVIDEND AT VALLEY

FINE RACING, GOOD RETURNS ON OFF DAY

Mr. Colson Unseated, Suffers Injured Leg

A RECORD IN PARI-MUTUEL DIVIDENDS WAS SET AT THE VALLEY ON SATURDAY WHEN STARLET, A COMPLETE OUTSIDER RIDDEN BY MR. P. L. CHIU in the opening event of the day, won a magnificent race to pay \$3,711.60 to each of its three happy backers. This is the highest pari-mutuel payment in the history of the Hongkong Jockey Club, and set the ball rolling for an afternoon of splendid racing and good returns.

The "Off Day" of the annual meeting saw the stands well filled, while hundreds of children made most of their opportunity and, no doubt, enjoyed themselves immensely.

Mr. Eu Tong-sen was the most successful owner of the afternoon, while Mr. C. Encarnacao gained the leading position for jockeys.

Mr. A. F. D. Colson, on Balatoc, had the misfortune to be unseated in the Fourth Race, and suffered an injured leg which kept him out of the other races.

NIL DESPERANDUM STAKES (FIRST SECTION)

Starlet's sensational victory in this race was won after Mr. P. L. Chiu had forced his mount ahead just after the Village Bend to register a great, exciting finish.

Wilber, with Mr. Black up, got off to a good start, but lost the lead to Avalon about half way. Avalon stuck it until Starlet, Sports Venture, and Wilber caught up at the Bend.

It was a well-fought race and a deserved success for Mr. Chiu. GRIFFINS SPRING HANDICAP Mr. D. Black started the hot favourite riding cleverly, he judged his pace throughout and maintained a leading position right through, sending Lilliber ahead in the straight.

Peaceful View, ridden by Mr. Pih, managed to come in second after leading the field for three quarters of the course.

NIL DESPERANDUM STAKES—(2ND SECTION)

The 25 starters went off in a bunch, and remained practically together until the finish.

National Honour, with Mr. Chan-son up, was leading during the first quarter, and then Mileage, with Mr. Needa up, caught up. The two were neck and neck up to the Bend, when Chatterbox, gaining the rail, came out in front.

February Fourth was second, and Matador, ridden by Mr. Liang, finishing an opening, shot up to third place.

FLEMINGTON PLATE

Bredon was ridden exceptionally well by Mr. Proulx in this race. It led all the way, and won comfortably by three lengths.

A Great Time and Strathcarick were second and third respectively. Mr. A. F. D. Colson, riding Balatoc, was unseated near the Rock.

PROFESSIONAL CUP

Mr. T. L. Wong on Celtic Star was generally expected to win this race.

VIRGINIA BRUCE AND HER DELUGE

Virginia Bruce shivered realistically and spoke her lines with teeth-chattering chill as, fully clothed, she emerged from a shower bath comedy sequence in Columbia's "There's That Woman Again."

"Splendid piece of acting," came the chorus of tribute from members of the cast and staff, as Director Alexander Hall, with a broad smile of appreciation, ordered the scene printed.

But the drenched star, dripping a hurried path to a sound stage heater, shook her list whinnically at Harry Hopkins, propertyman, who had been handling the shower mixer.

"I wasn't acting," said Miss Bruce as they wrapped her in blankets. "They crossed me up. After promising a warm shower they turned on cold water."

Director Hall waited until Miss

MILLION DOLLAR COLOUR PLANT ARRIVES IN HOLLYWOOD

Telco Corporation will build a million dollar film development plant in Hollywood during 1939, for the application of its patented additive colour process.

This process is mechanical rather than chemical. Aniline dyes mixed with a celluloid base are applied to the film without the extraction of silver. Patents on silver processing and film surfacing machines arrived recently.

Construction of the plant marks the end of four years' experiments with the colour process invented by Robert Hoyt, who will be President of this new firm.

Six thousand feet of film, run through this process were completed in four hours time, with experiments showing final print.

MRS. CLARK GABLE SUING FOR DIVORCE

LAS VEGAS, NEVADA, Mar. 5 (Reuter).—Mrs. Clark Gable is suing her husband for divorce alleging desertion. In a previous separation suit Clark Gable settled \$286,000 on his wife.

A SHOCK FOR CHAS. LAUGHTON

Charles Laughton, having recently completed work in "St. Martin's Lane," was resting in his week-end hide-out, deep in the Surrey woods, and had turned on the radio for the news bulletin.

He refused to believe "his ears when over the radio came the double of the voice of his brother Tom from Scarborough."

The item which featured the voice so closely resembling that of his brother's was called "Hotel Splendide," but Charles's astonishment grew as first the familiar accents of the head waiter of the Royal Scarborough, then the chef, the house-keeper and the chambermaids followed and gradually all lingering doubts were removed, for Laughton knew the voices too well to make any mistakes about them—he should do, because most of them he has known from childhood in Scarborough, where the Laughton family own the Royal, the Pavilion and the Holbeck, three of the largest hotels in the North of England.

Charles himself was destined for the hotel business until an amateur performance of "Hobson's Choice" at a theatre turned his thoughts to other channels and, to the dismay of his family, he adopted a stage career.

THE BROADCAST

The broadcast featured a day in the life of a big hotel. All the roles were played by members of the hotel staff of the Royal Hotel, with the exception of the guests' parts which were filled by regular actors.

Tom's explanation why he had not notified Charles about the broadcast was that he was afraid he would be a bad radio actor, and that he would have been much too nervous if he had known his famous brother was listening and maybe criticising.

Charles, on the contrary, is bursting with pride at the successful radio debut of Tom Laughton, a medium of which even Charles is nervous. Tom, after his triumph, has no thoughts or inclination to leave the hotel business and is back at work attending to the comfort of his guests at the Royal.

£10,000 WORTH OF JEWELS

For ten days members of the Pommer-Laughton "Mayflower" unit working at Elstree on "St. Martin's Lane," were puzzled as to the identity of a mysterious stranger on the set. No one seemed to know who he was or what he was doing there. It was later revealed that he was a detective and his object was to keep a watchful eye on £10,000 worth of jewellery worn by Vivien Leigh in certain sequences of the film.

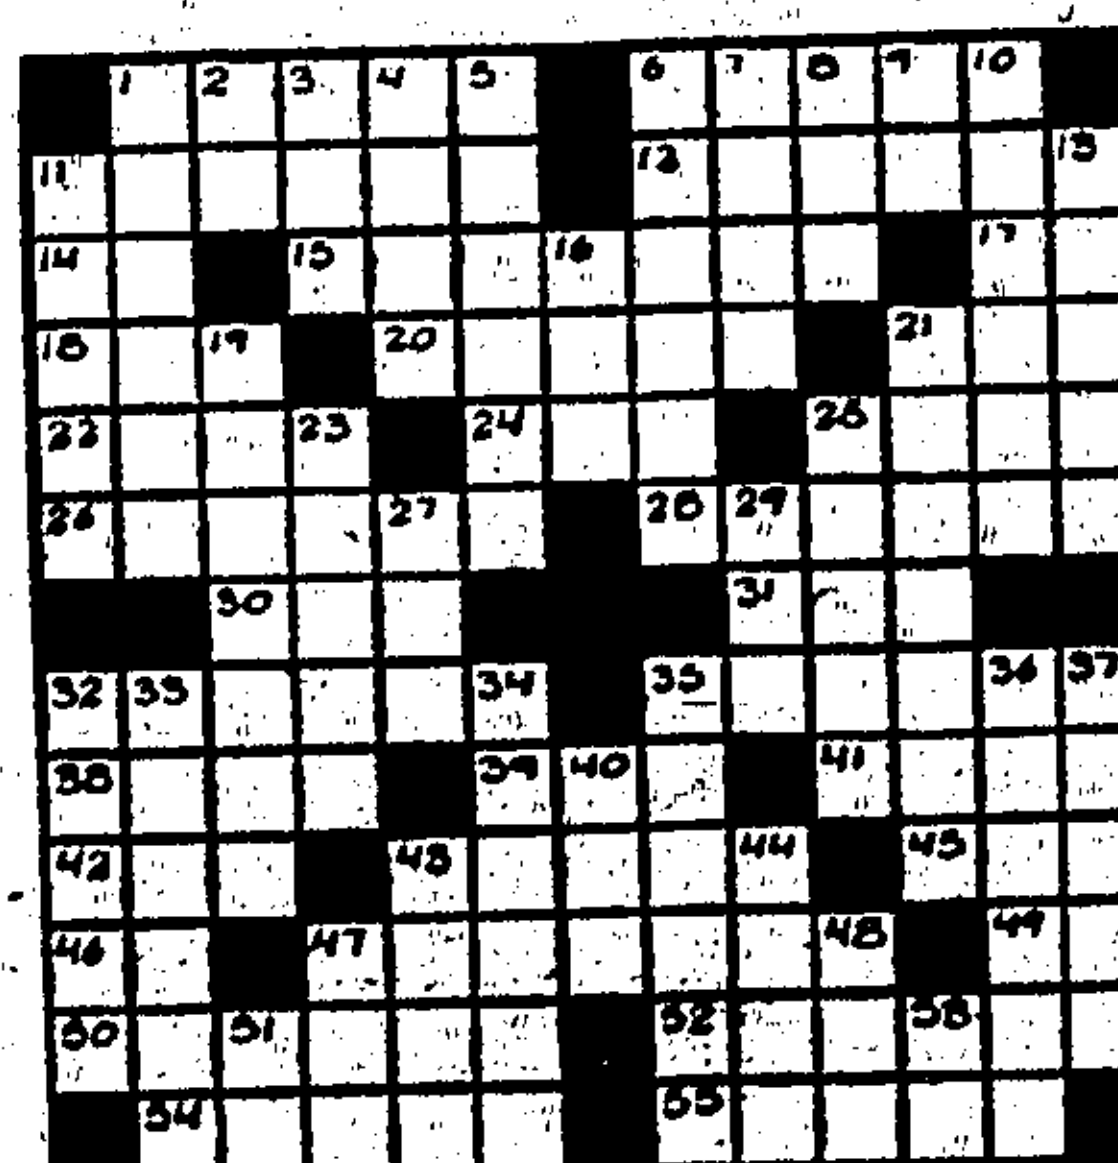

Everyone in the studio, with the exception of Tim Whelan, the director, and Vivien Leigh, were under the impression that the jewels worn in the sequence were made of paste. Actually they were some of the most expensive "props" ever used in a film sequence—the bracelet alone was worth £7,000 while the rings and ear-rings amounted to another £3,000.

Bruce had warmed up—and her suspicions had cooled. Off. Then he admitted he had instructed Hopkins to give her the shock of an icy shower in order to get the proper reaction to the scene.

Round About

A man in the vast crowd of spectators lined up to witness the arrival of the new Clipper last week, was most emphatic and loud in his opinions regarding the new flying boat.

"She is too big for a great deal of speed. Those pontoons will prove unsatisfactory. The tail of the ship is too high. It will not pay for itself, a costly experiment," were a few of his remarks to a friend and anyone else caring to listen.

Of course, this man had not inspected or flown in the Clipper. His first sight of the new flying boat was when she had landed on the water a half hour before!

GEN. EVANGELINE BOOTH LOOKS AHEAD

Gen. Evangeline Booth, who retires from her position as head of the Salvation Army at the end of October, when she will be nearing her 74th birthday, stated recently that she believed that the time was fast approaching when war would be regarded by men of religion, learning and thought as barbaric irrationalism. She was speaking at a luncheon in her honour at Grosvenor Hall, E.C.

Affirming that people of all lands desired that there should be abiding friendship between all nations, she added:

"I believe the heroic and selfless efforts of the world's greatest leaders will ultimately lead to international differences and political controversies being settled by

TOO MUCH LUXURY, TOO LITTLE WORK

Too much luxury and too little work causes neurosis. At least, that is what Dr. Elizabeth Sloan Chesser, the psychologist, told the New Health Club in London.
She was discussing whether there was such thing as suburban neurosis, and said—"Of course there is, just as there is Mayfair neurosis and Bayswater neurosis, and also neurosis wherever you have too much luxury and too little work." She said that at least one-third of the illness in this country was due to neurosis.

COMMEMORATION SERVICE

German War Dead Honoured

An impressive German Service in commemoration of those who fell in the Great War 1914-18 was held at the Union Church yesterday. The Rev. Relais officiated.

After the preliminary prayers and Litany, the Rev. Relais preached an eloquent sermon. He said that, as a war veteran himself, he knew from experience that the sacrifices that had been made by those who gave their lives in the war had not been sufficiently recognised. In fact, he had heard death on the battlefield often ridiculed publicly in theatres and even in written articles.

It was only since the present regime that they had been made to realise the sacrifices that had been made for their Fatherland. It was, indeed, due to the National-Socialist movement that this realization had been brought home to them. Speaking from his personal experiences on the subject, the speaker stated that true and sincere heroism should always be remembered.

CHAOTIC CONDITIONS
An appreciation of the sacrifices made by their war dead and those who had given their lives even after that, period during the chaotic conditions that prevailed, should be a lesson to this generation of how they should prepare for the "Last Retreat."

Concluding his sermon with a prayer, the preacher gave thanks for the salvation of the German Fatherland and the revival which the Fuehrer had brought about for honouring their war dead and for the continued preservation of peace.

A hymn entitled "I Had a Comrade" in remembrance of those who had given their lives in the war, was solemnly rendered.

Later, two wreaths were laid at the Happy Valley Cemetery—one over the oldest German grave and the other over the grave of the senior German war veteran.

The members of the German community were present at both the service in the Union Church and at the Cemetery.

The Director's Report was, in part:—

The present enrolment, is 190 composed of students of the elementary and advanced morning classes and the evening secretarial class with an average daily attendance of 95 per cent. STIMPSON INFANT FUNERAL

The funeral of the infant son of Mr. and Mrs. C. C. Stimpson, took place on Saturday, when many personal friends of the family attended.

The infant had been born only on Thursday.

Mr. Stimpson is permanent way Inspector on the Kowloon-Canton Railway.

COLONY HEALTH RETURNS

Forty-one cases of tuberculosis, 15 of measles, four each of enteric fever and dysentery, three of cerebro-spinal fever and one each of small-pox (imported) and diphtheria were notified to the Health authorities on Friday.

APPLICATION TO REVISE COURT ORDER

An application for the revision of a court order granting his wife, Ho Kam-ku, a monthly separate maintenance allowance of \$8 and custody of their two children, was made by Man Cheung, returned overseas Chinese from Panama, resident in Shum Shui Po district, to Mr. Q. A. A. Macfadyen at the Kowloon Court on Saturday.

Mr. K. F. Wong appeared for the appellant, and in asking for the order to be revised on the ground that the evidence of complaint was not corroborated, said that there had been no cruelty and that the technical grounds under which the order was made took place only after the issue of the summons.

It was true that appellant had taken a concubine, but this had happened only after the issue of the summons. If it was true appellant had behaved in a cruel manner towards his wife, it would have been easy to get some of their fellow-villagers to testify.

It was the appellant's claim that his wife had been absent from his home and his children for periods of one and two months. The taking of a concubine from the Western point of view, would be considered cruel to the wife, but where Chinese were concerned, custom should be considered.

The only evidence of cruelty corroborated was of one single occasion when complainant had been struck by her husband and her mother-in-law and chased out of the house.

Mr. C. A. Sutherland Russ, representing complainant, contended that the Magistrate had no power to re-open the case except where there was fresh evidence available that was not available at the original hearing.

Mr. Macfadyen said he believed the Magistrate's Ordinance 1932 entitled him to consider the application, and he would give his decision as to whether the case should be re-opened within the week.

MAGISTRATE PAYS FINES HIMSELF

Comment On Law On Prostitution

An unusual case was brought up before Mr. R. A. D. Forrest at the Central Court on Saturday, in which the Magistrate paid for the fine of 50 cents he imposed on Leung Chau-kwan, 22, married woman, and Che Chuen, 32, widow, when a charge of keeping a brothel at No. 9 Star Street, was preferred against them.

Inspector McEwen stated that as a result of the raid on Friday night, three girls were found in the premises. One of them told him that she had to pay \$1.50 per customer to the second defendant for rent of the bed. She did not reside there. First defendant admitted being the principal tenant.

Mr. Forrest, in passing sentence, said that the circumstances of the case convinced him that there was no victimisation of the girls; however, he was bound by the decision of a similar case on Friday in the Supreme Court, and by which he must convict.

He further remarked that the penalty would not be a severe one, as he was convinced that it would have done no good whatever by harrying and harassing these unfortunate women.

He further added: "The reason for their occupation is economic, but our law, as it stands, inflicts great and unmerited hardship by making it a crime to supply them with lodging, except under one condition, namely that each one should have a flat for herself, with which it is impossible to comply. In view of this, the fact that the law has never declared prostitution to be illegal in itself is somewhat hypocritical."

"THE SHINING HOUR"

With the week-end, the A.D.C.'s rehearsals of Keith Winter's play "The Shining Hour" came to a close and those responsible for the production are well satisfied that everything possible has been done to make the Club's representation worthy of the author's brilliant work.

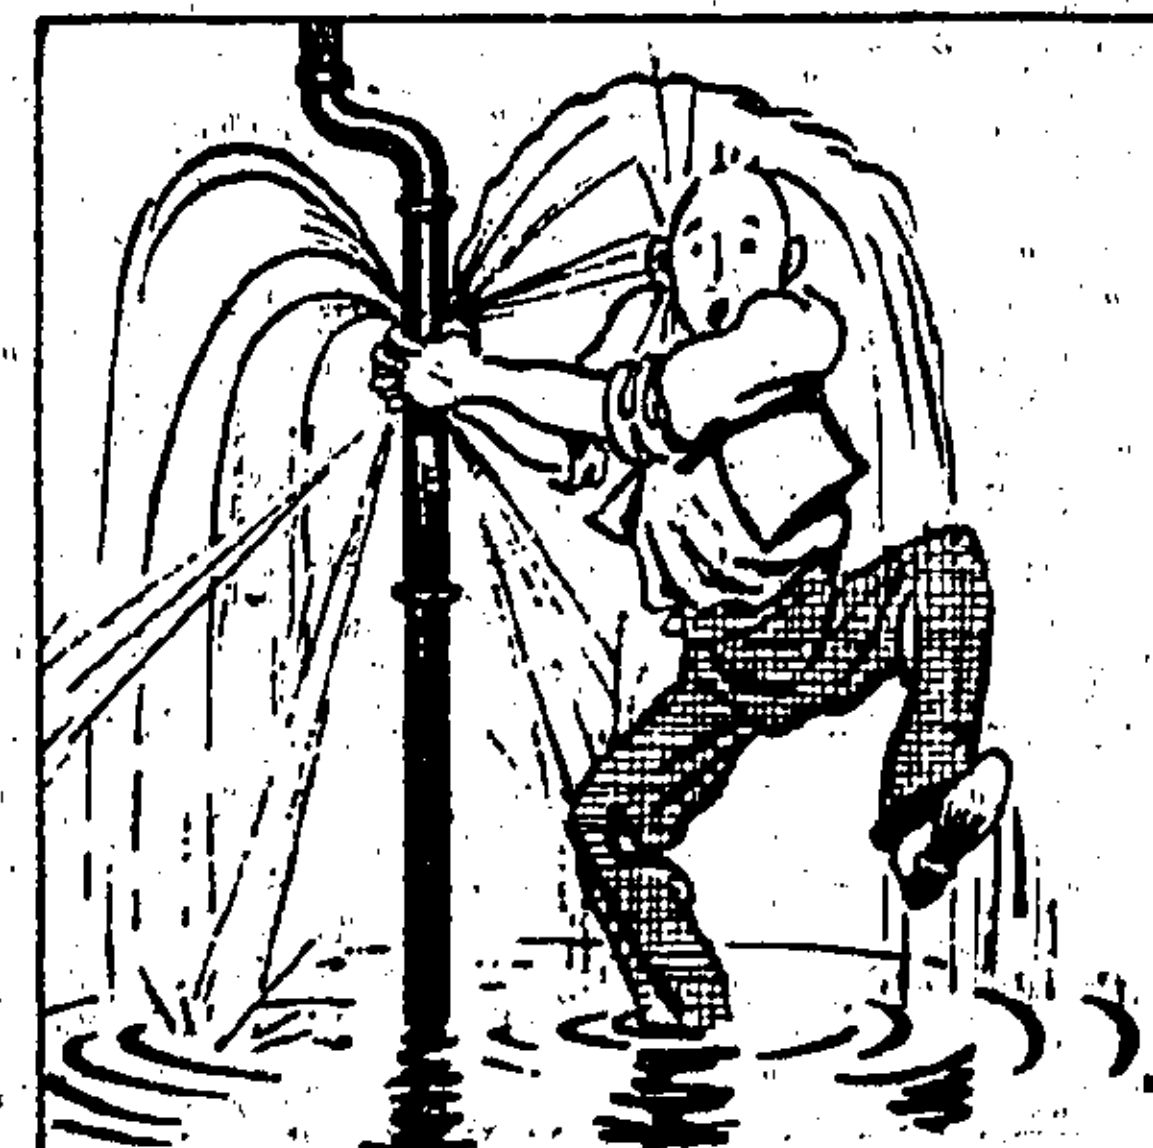

A perfectly balanced cast of six tried players have their background in one of the most charming settings seen on the local stage in recent years and every feature has been carried out with characteristic attention to detail. Incidental music, which will be discoursed by E. O'Neil Shaw, Frue Lewis and Ettore Pellegatti, will undoubtedly add much to what promises to be a delightful evening at the China Fleet Club Theatre.

The cast is as follows:—
David Linden—Lundie Duncan
Hannah Linden—Helen Prior
Henry Linden—Orelton Gilmore
Mariella Linden—Eve Denton
Micky Linden—Donald MacAllister
Judy Linden—Sheila Mackinlay.

The setting is by W. A. Cornell. Performances will be given on the nights of Wednesday, March 8, Thursday, March 9, Friday March 10 and Saturday, March 11 at 8.15 p.m. and booking for all parts of the house, is open at the Anderson Music Co.

Competitive examinations for the Indian Civil Service and the Burma Civil Service, open to all qualified persons, will be held in London in the summer of 1939, and copies of the regulations syllabus of examinations, and forms of application to be filled up by the candidates may be seen on application at the Colonial Secretary's Office.

JAPAN'S IMMENSE WAR BUDGET

"STAGGERING" and "stupendous" are words which fall sufficiently to describe the enormous special military budget which is to be submitted by the Hiranuma Cabinet to the Japanese Diet. No less a sum than Y.5,270,000,000 has been approved by the Ministry and of this sum Y.4,600,000,000 is to be earmarked for the prosecution of the Sino-Japanese war, a war which, to the Japanese, is still a "local incident."

THE LATTER SUM covers expenses of the war from last month to March next year and is to be divided as follows:—Army, Y.3,140,000,000; Navy, Y.810,000,000; and Y.650,000,000 to go to the reserve fund. The balance of Y.670,000,000 in the supplementary general accounts budget provides Y.490,000,000 for the Army and Y.80,000,000 for the Navy, while extraordinary military expenditures in special account call for Y.500,000,000 for the Army and Y.200,000,000 for the Navy.

ALLOCATION of these immense sums is ample evidence of the desperate plight in which Japan finds herself in China and would indicate that all is not well with the Japanese armed forces in China. Certainly the outlook is not as bright as Tokyo's propagandists paint it. Far from obtaining what she had hoped to obtain from China, Japan has secured a mere pittance, a drop in the bucket, and it is not at all likely that she will be able to get one-hundredth of what she had hoped to get. She has not been able to secure any sort of an economic foothold in China in spite of the fact that she has organized all sorts of companies with huge nominal capitalization for this purpose. All attempts to strengthen herself in China economically have proved a failure as the Japanese are not given a moment's rest by China's guerilla forces, who are continually harassing the invading army's lines of communications and smashing all efforts to strengthen themselves economically.

SOURCES of revenues to cover the stupendous amounts demanded comprise Y.3,920,000,000 of public bonds, Y.560,000,000 in increased taxation; Y.90,000,000 from various special accounts; and Y.30,000,000 from miscellaneous enterprises, public donations, etc. The whole amount of the additional 1939-40 budget is to be raised through the issue of public bonds.

IT IS SIGNIFICANT to note that only Y.30,000,000 is expected to be raised through miscellaneous enterprises, public donations, etc., for it shows that the Japanese people, sick and tired of what they now realize to be a purposeless war, have lost their enthusiasm and are unwilling to contribute further to the war funds. From reports received from Japan, it would appear that the Japanese public is more restive than ever and is murmuring against the armed services and their methods of persecution. The poor, as well as the wealthy, are called upon to pay for the war and, in most cases, the sons of the poor farmer and labourer are compelled to sacrifice their lives for the pleasure of a few war-mad military fanatics.

JAPAN'S economic position is at a low ebb and we presume

EXHIBITION OF A.R.P. THIS WEEK

Will Be Open On Wednesday

The object of the Exhibition is to show the general public by practical methods the means whereby a fairly high degree of protection can be obtained against the effects of blast and splinters from high explosive bombs, the methods of preventing the ingress of poisonous gas into houses, together with the methods which can be employed to control incendiary bombs.

Models illustrating these methods will be on view and qualified instructors will be available to explain any questions which the public may care to ask. It is hoped that the general public will find time to pay a visit to this Exhibition and perhaps derive an incentive to attend one of the many A.R.P. classes which are now being held throughout the Colony.

CHINA'S PROBLEMS: UNITY PRESERVED

(BY FREDA UTLEY)

The following is a continuation of the article by Freda Utley on the many problems in China, the first portion of which appeared on Feb. 18.

It is probable that the decision of the United States and Britain to give some credits to China provided just the necessary encouragement to the vacillating elements to continue the war, and so helped at a critical juncture to preserve the unity of China. Hence, incidentally, Japan's anger and alarm.

It would, however, be a mistake to interpret recent events as simply the result of a conflict on clear-cut political and social issues. The essential difficulty in any appraisal of the political situation in China is that well-defined economic and social interests and parties or policies based upon them are not to be distinguished. Individual loyalties, family connections, and personal striving for power all play an important part in Chinese politics.

It is still the high official rather than the trader or the industrialist who can accumulate wealth, and official favour rather than enterprise which can enrich the capitalist. As regards banking, it is often hard to say whether the banker is primarily an official or the official primarily a banker. In these respects there is a marked resemblance to Japan. In China, however, fighting a war of national liberation, there is far more hope for the eventual emergence of a democratic State. Thought at least is free, and the country teems with discussion and criticism of the authorities. There has never been an hereditary military aristocracy, and China's very weakness, the old contempt for the soldier, is a hindrance to the establishment of a purely military dictatorship. Chiang Kai-shek's strength to-day comes as much from the support of the "literati" and the patriotic youth as from his armies.

There are in China to-day two strongly marked opposing tendencies; one towards a military dictatorship, and the other towards some kind of democratic State. So long as Hankow and Canton had not fallen to Japan and the Chinese were fighting a positional defensive war with imported armaments the former tendency was perhaps stronger.

To-day, with the difficulty of importing arms, the dwindling of currency and silver reserves, and the loss of the main ports and cities, the other tendency may perhaps become stronger. If "guerilla tactics against Japanese forces throughout occupied territory" are to become the predominant form of warfare, as Chiang Kai-shek is reported to have proclaimed last November, greater reliance must be placed on the people and the organizations and parties of the Left. Dare Chiang Kai-shek trust himself more to the popular forces?

He may be forced to do so as the only alternative to surrender. "Mobilisation of the people," and all that this entails in the way of social and administrative reform, has been the main political issue in China for the past year. Wang Ching-wei's departure signifies sharpening political tension. Can Chiang Kai-shek still balance himself upon all factions, or will

he be forced to step over to the Left? Substantial foreign credits might enable him to avoid the issue, but will they be forthcoming?

GUERRILLA WAR

It is not as simple an issue as some protagonists of the Left make out. The risks are incalculable. Can China hold together if the war becomes one of mobile warfare by small units which will naturally tend to become semi-independent? If the national consciousness of the Chinese is sufficiently awakened the danger of a break-up into the provincial regimes of the past or of the degeneration of guerillas into bandits will not be great. But can there be social reform and "mobilisation of the people" without a split in the united front which would lead other and more important to follow Wang Ching-wei's lead?

Chiang Kai-shek has all along kept some of his best divisions in the rear for possible future use for the preservation of Chinese unity and also against the danger of social revolution. If he decides to trust himself and China to the popular forces and to throw his weight on the side of the social reforming elements, the second danger may disappear. As regards the danger from the forces of feudal reaction and separatism, he would no doubt continue to preserve the flower of his Army to cope with such disruptive tendencies.

It is probable, but not certain, that he could rely on the personal loyalty of his own officers whatever policy he were to follow, but this may not be the case in respect of the provincial troops. On the other hand, the powerful Kwangsi generals and some of the Cantonese favour a "mobilisation of the people," and the Communists and the guerillas in the North have proved that the sacrifices demanded of the possessing classes need not be so great as to throw them into the arms of the Japanese. The Communists now are out only for agrarian and administrative reform, not revolution.

It is this fact, equally with the looting, massacre, and rape by the Japanese troops, which has prevented Japan from setting up local administrations in the "occupied territories" to rule China in the interests of Japan.

JERUSALEM'S GRIM WEEK

JERUSALEM, Mar. 5 (Reuter).—Jerusalem passed through one of its grimmest periods last week since the disturbances began with a total of 122 casualties, apart from 25 armed Arabs who were killed in action and many who are believed to have escaped in a wounded condition.

The casualties resulting from the campaign of violence include 50 Arabs killed and 55 wounded, 6 Jews killed and 10 wounded, and one British constable killed.

Troops searched twenty-seven Arab villages during the week, arrested a large number of suspects and seized a quantity of munitions.

SOUTH AFRICA PLAY FOR SAFETY IN FINAL TEST

Slow Cricket For Best Part Of First Innings

After a display of funeral cricket early in the day (only 42 runs were scored before lunch) and a similar exhibition after lunch, South Africa increased their rate of scoring before tea in the final Test Match and ended the day with 423 runs on the board for the loss of six wickets.

Van Der Byl crawled along until he was out for 125, and Dalton was the only South African to show any initiative, hitting one 6 and three 4's in an innings of 57.

There was a crowd of 3,000 present when Van Der Byl (105) and Mitchell (4) resumed South Africa's innings, which overnight stood at 229 for two wickets.

Play began in brilliant sunshine. The wicket was fast but likely to prove susceptible to spin, and Hammond quickly introduced an all-spin attack.

The South African scoring was funeral, only 17 runs being scored in an hour. Van Der Byl was at the wickets for 32 minutes to-day before adding to his overnight score of 105.

LUNCH SCORE
At lunch the score had been taken to 271 for three wickets. Van Der Byl was 125 not out and Nourse 14 not out.

The crowd had increased to 11,000 after lunch.
Van Der Byl was bowled by an in-swinging from Perkins in the second over for 125. He had played a grand defensive innings which lasted 438 minutes, and was his first Test century. He hit one 6 and eleven 4's (274 for 4).

At tea South Africa were 357 for 5, Nourse being 47 and Dalton 48. Only Verity was able to check Nourse and Dalton, who driving powerfully, added 79 in 85 minutes. Play was resumed after tea in overcast weather with a crowd of 12,000.

PARTNERSHIP BROKEN
The Nourse-Dalton partnership was broken after it had added 90

runs, when Dalton was caught low on the leg side by Ames off Farnes for 57. (368 for 6).

Dalton had played an aggressive innings which took 103 minutes. He hit one 6 and three 4's.

Grieverson joined Nourse and the pair had added 55 when bad light brought play to a close with the score 423 for six wickets. When stumps were drawn Nourse had scored 77 and Grieverson 26.

Nourse has been batting for 284 minutes and had hit four 4's. Grieverson gave a display of crisp driving and leg shots.

AMERICA AND RECOGNITION OF GEN. FRANCO

WASHINGTON, Mar. 5 (Reuter).—There is no confirmation here of the newspaper suggestion that Mr. Bowers, United States Ambassador to Spain, who sailed from France to-day on board the "Queen Mary" for America, has been recalled as a first step towards the recognition of Gen. Franco by the United States. It is stated that he is returning for consultation, in the same way as the other Ambassadors, including Mr. Joseph Kennedy, Mr. Bullitt and Mr. Wilson, have done in recent months.

Should the Spanish Republican zone surrender unconditionally to Gen. Franco, then United States recognition of the Franco Government would become a necessity, but Washington understands that its resistance still continues.

The newspapers here publish a list of the nations which have not yet recognised Gen. Franco, including all the British Dominions, except Australia. The prevailing sentiment here is not such as to encourage any haste over the question of recognition.

ALUMINIUM COINS IN JAPAN

TOKYO, (Reuter By Mail).—To preserve metal resources necessary in the carrying out of hostilities in China, the Japanese Government has decided to issue millions of aluminium subsidiary coins, simultaneously calling in the copper and nickel coinage now in circulation.

The Government will appropriate ¥22,000,000 in this year's Budget for the minting of the new coins.

In addition to a total of approximately 377,000,000 new coins of low denominations which are expected to be put into circulation about the middle of March, Japan will soon begin to mint 480,000,000 other coins.

TO CONSULT WITH GRAND MUFTI

Following the journey of the Egyptian Under-Secretary of State, Amin Osman Pasha, to Beirut to consult with the Grand Mufti, the Iraq Premier, Nuri Said, is reported to have also arrived at Beirut for the same purpose. Political circles in Cairo believe that the journey of Nuri Said, like that of the Egyptian statesman, is undertaken at the desire of the British Government in connection with the London Conference (Transoceanic).

"A FAITHFUL FRIEND"

SAILOR'S MESSAGE TO GEN. CHIANG

CHUNGKING, Mar. 4 (Central).—Generalissimo Chiang Kai-shek was very much interested in a message addressed to him by a Norwegian sailor, which indicates the wide sympathy China is winning from the outside world by her heroic struggle against the aggressor.

Styling himself "a faithful friend" of China, the Norwegian seaman, says that he has been watching developments closely since Japan started her aggression on peace-loving China.

He asks the Generalissimo to place full confidence in God's protection and help as China is on the side of righteousness, and advises the Chinese people to stand solidly together for the country and not to be misled by Japanese temptations.

He predicts that if her aggression is left unchecked, Japan will become far more formidable in a few years, and suggests that China launches counter-offensives from the south and the north simultaneously to drive away the invaders.

Branding Japan as a bad neighbor, he expresses the hope that China will develop trade on a large scale with Great Britain, the United States, France and the Scandinavian countries instead.

CHINESE FEDERATION WIN GOVERNOR'S CUP

Association Defeated By Odd Goal In Nine

NINETY MINUTES OF FAST, CLEAN FOOTBALL was provided at Caroline Hill yesterday afternoon when thousands of spectators witnessed the Hongkong Chinese Amateur Athletic Federation defeat the Hongkong Football Association by five goals to four to win the Governor's Cup for the second year in succession. His Excellency the Governor, Sir Geoffrey Northcote, and the Hon. Mr. N. L. Smith, President of the H.K.F.A., were present and, at the conclusion of the match presented the trophy to Leung Wing-chiu, captain of the Federation team.

The Association were without the services of A. V. Gosano, Harry, Sheehan and Hossack, their places being respectively filled by P. Jorgé (inside-right), Coultis (goalkeeper), Ulrich (left back) and Hunt (inside-left).

The Federation deserved to win as their combination was much superior especially among the forwards where Chan Tak-fai proved a very able leader. Fung King-cheung was again the master schemer while Lai Shiu-wing completed the fast-moving inside-trio.

The defence was safe with Lee Tin-sang, clearing well while the two wing halves, Soong Ling-sing and Hsu King-sing, were in good form. Leung Wing-chiu, however, was not at his best in the pivotal berth.

Cheung Wing-choi was able between the sticks and had little chance with the shots that went past him especially a scorching drive from Dixon.

DIXON SHINES
For the Association, Dixon played a grand game at centre-half while Courtney was an energetic leader of the attack having good support from Jorgé and Hunt.

Rierson was responsible for some splendid bursts of speed on the left wing but he was inclined to leave his centring a little late. Blackburn was the pick of the backs while Coultis, of the Navy, in goal did not appear to be very safe.

In the first half, the Chinese were early attacking but after ten minutes play was transferred to

RUMOURS OF IMPENDING EUROPEAN CRISIS THIS MONTH

The march of events in Europe at the week-end had given rise to a fresh series of rumours in regard to an impending crisis on the Continent within a fortnight.

Prominent amongst the news items, according to messages from Reuter and Trans-Ocean, is the report of the presence of German submarines in the Mediterranean. This report is denied by the Italian new agency, Stefani.

A report that German troops have left for Libya is also denied by this agency, while rumours of an Italian offensive against Djibouti and Tunis are also similarly refuted.

France, however, appears to have taken note of these reports and strong declarations against granting any concessions to Germany in her former colonies, the Cameroons and Togoland, were made at a meeting called by the Committee for Defence of the Cameroons. It was declared at this meeting that the French Cameroons and Togoland would never consent to be ruled by Nazi Germany.

A Parliamentary Commission of five left Marseilles on Saturday to make a study of the defence precautions in French Somaliland.

The Paris weekly paper, "Cynano" states that a defence plan is ready to be put into operation directly Tunis is threatened with conflict. This journal alleges that Italian Consuls in France have advised Italian nationals there to return to Italy before the middle of March.

In the meantime, economic co-operation between Italy and Germany has extended to the sphere of food supplies.

FUKIEN COAST BOMBED

FOOCHOW, Mar. 5 (Central).—The Fukien coast was molested by Japanese naval planes last Thursday, according to reports reaching here.

A Japanese warship arrived off the coast of Hulan and two planes were lowered to cruise along the coast. Meanwhile, several planes took off and winged their way to Tsingkiang, Lungki, Haileng and Tungan. They dropped four bombs in the suburbs of Lungki, and machine-gunned the place.

Outside the south and west city gates of Tsingkiang they released five missiles, which killed one civilian, wounded ten and demolished 35 houses and a pontoon bridge.

"CRITICAL ITEMS"

MR. ROOSEVELT AND U.S. DEFENCE

WASHINGTON, Mar. 5 (Reuter).—President Roosevelt has sent a message to Congress asking for the immediate appropriation of \$110,000,000 for "critical items" such as anti-aircraft guns, semi-automatic rifles, tanks and gas masks for the army.

The President also asked for \$8,539,000 to strengthen American coastal defences and \$7,300,000 to provide training for 20,000 civilian pilots at Government's expense.

Mr. Roosevelt stated that he will later ask for an appropriation to cover the cost of building a road across the Isthmus of Panama outside the boundaries of the canal zone.

DIPLOMATIC ACTIVITY IN WARSAW

(Continued from Page 1)

It is believed, says the correspondent, King Carol now regrets that attitude, realising that German expansion through Rutenia represents a more serious threat than the possible annexation of the province by Hungary.

The Rumanian Foreign Minister is credited with the intention of clarifying Rumania's view on the matter and probably investigating the possibility of Polish-Rumanian co-operation in forming a barrier against any attempts by Germany and Russia to penetrate either country by ideological methods. The Rumanian Foreign Minister and Col. Beck are also expected to try to strengthen the relations with Russia.

The talks are creating the greatest interest in Rumania, according to a Bucharest message, which says that it is thought that they may result

Col. Beck, Polish Foreign Minister.

In a complete change of attitude by the States of eastern and south-eastern Europe and the adoption of a policy of greater independence of German influence.

The economic demands which Germany is pressing in the Danube basin are considered to have suffered indirect sabotage by Italy. Thus observers seek to explain Col. Beck's warm attitude toward Count Ciano coinciding with anti-German demonstrations throughout Poland.

It is affirmed the Rumanian Foreign Minister and Col. Beck will discuss the Danubian problem and in addition to offering special transit facilities for Polish goods to the Black Sea and Danube harbours, Rumania will probably grant Poland a free zone in Galatz to compensate for the Danzig and Gdynia in the event of difficulties over the Polish corridor. Finally, it is thought that Col. Beck may attempt to effect an improvement of relations between Hungary and Rumania.

MIDGETS WIN PLAY-OFF IN SOFTBALL LEAGUE

Deplorable Display Given By Chinese Baseball Club

The play-off between the Midgets and the Chinese Baseball Club for the right to meet the Recreio squad next week to decide championship honours in the Softball League took place at King's Park yesterday. Despite their greater experience the Chinese baseballers were taken for a ride by their youthful opponents to the tune of 12 runs to 6.

Hertie Quon, the speed merchant, twirled at half-speed throughout the game and was consequently much steadier than usual. Sammy Wong, behind the plate, played his usual good game, with Cray the big star of the game.

Hutchinson who made his debut yesterday, turned in a brilliant performance at the initial sack, his hitting to the right field causing the Baseballers more trouble than they have met for a long time.

The Chinese Baseball Club, for a team of their vast experience, gave a deplorable show, weak fielding and bone-headed plays marking their display.

Outstanding for the losers was Szeo Bick, the tennis player, who handled many hard catches at night field; Nip Lum, Earl Wong and Wally Ching were the only other members of the side who came up to scratch.

Results of the games played yesterday are as follows:—

MEN'S LEAGUE
Midgets 12, Chinese B.C. 6.
LADIES' LEAGUE
Recreio 17, Cardinals 13.
INTER-HONG LEAGUE
Shells 15, Lucas 13.

FRIENDLY RUGGER MATCHES

In a friendly rugby match played at Happy Valley on Saturday, H. K. F. C. beat H. M. S. Birmingham by three goals and four tries (27 points) to two goals and two tries (16 points).

Fielding a stronger team, the Club should have won by a larger margin, owing to the poor backing up in the loose by the forwards was the cause of many openings went abegging.

Birmingham had a strong three-quarter line in which Mid. Cleeve was the outstanding of the trio.

ARMY BEAT VOLUNTEERS
Scoring their first win of the season, in their final game the Army had an overwhelming victory over the Hongkong Volunteer Defence Corps by three goals and three tries (24 points) to nil.

"THE GREAT WALTZ"

Those who like Strauss music will enjoy "The Great Waltz," which depicts incidents in the life of the great Johann. The music is the chief point of the picture, which, however, has many other things to recommend it.

Fernand Gravet, as the composer, gives a satisfying performance, and is well teamed with Luise Rainer, who plays the part of Poldi Vogelhuber, his sweetheart.

Milza Korjus, internationally celebrated coloratura soprano, gives several delightful renderings of typical melodies.

"The Great Waltz" is the current attraction at the Queen's and Alhambra Theatres.

MECHANIZING THE KILT

Problem Of Modern Warfare

A statement issued from the
 Scottish Command in Edinburgh
 describes as "vague and based on
 incomplete information" the rum-
 ours that it is intended to
 abolish the kilt for military dress.
 It is stated that the General
 Officer Commanding-in-Chief, Scot-
 tish Command, and the Highland
 Brigade Club are in close touch
 with the War Office and "can
 state quite positively" that nothing
 will be done to interfere with the
 wearing of the kilt for ceremonial
 or walking-out dress.
 The statement adds: "The
 question, however, of the suitability
 of this kilt for modern mechanized
 warfare—for instance, when by

CHINESE ARMY TO GET IMPROVED DIET

CHUNGKING, Mar. 4 (Central).—An army moves on its
 stomach. The Chinese High Command know this and they are not
 going to make any mistake. They are trying, with the help of the
 nation's leading bio-chemists and nutritionists, to prepare an im-
 proved diet—besides building up huge food stocks—for the Chi-
 nese army.

The average daily diet of a
 Chinese soldier before 1938, accord-
 ing to the Ministry of War, was 700
 grams of animal fat, producing
 altogether 2,469 calories. Although
 rich in carbo-hydrates, this diet is
 not so sustaining as it has not
 sufficient proteins, fats, and im-
 portant vitamins. Since the
 outbreak of the present hostilities,
 however, the Ministry has ordered
 an improvement in army diet, in-
 creasing the amount of calories to
 3,000 for better health and better
 fighting efficiency of the Chinese
 army.

SUBSTANTIAL FOODS

The Ministry, in collaboration
 with other related offices, has also
 encouraged the perfection of
 substantial foods that can be easily
 prepared. The constant reconnais-
 sance and bombings by Japanese
 planes and artillery shelling at
 the front have made it nearly im-
 possible for Chinese units to cook
 their food in daytime as smoke
 would betray the Chinese position.
 And sometimes communication
 lines with the rear are so badly
 bombed that it is impossible for
 men in the front line to get their
 food from the field kitchens. So it
 is necessary that the nation's war-
 riors must be supplied with a kind
 of food that can be easily prepared.

For more substantial food Chi-
 nese bio-chemists and nutritionists
 have perfected a new formula for
 army rations. The materials used
 in the making of such food are rice
 flour, wheat flour, eggs, animal fat,
 beans, sugar, salt or sauce. Mixed
 in accordance with a certain for-
 mula, these materials may be made
 into army biscuits, biscuit flour,
 bread, buns or soft cake. Nutri-
 tion value of food prepared accord-
 ing to this formula is very high.

SALTED VEGETABLES

Chemists connected with the Na-
 tional Bureau of Industrial Re-
 search of the Ministry of Econo-
 mics, besides helping produce the
 new army flour, have also helped
 in the making of salted vegetables.
 More than 120,000,000 catties of
 salted vegetables are needed each
 year to feed China's front-line
 fighters. Small private concerns
 throughout the country have been
 called upon to produce these
 vegetables, as well as sauce and
 other items of food essential to a
 substantial diet, with help and
 advice from experts of the Bureau.

Crystal sauce has also been per-
 fected by chemists of the Bureau
 for use at the front as it is easier
 to carry than the liquid kind of
 sauce commonly used. Experiments
 have been made by different army
 units with great success, and the
 Bureau is now encouraging the
 manufacture of this crystal sauce
 by small home factories in the rear
 provinces.

Canned food will also be intro-
 duced on a large scale to the Chinese
 army. The country's leading can-
 neries are now busily engaged in
 the manufacture of canned food in
 the rear for the army. The Bureau
 has also perfected a canning
 machine for family use, so that
 canned food can be produced in a
 large number of rural homes
 throughout China's rear provinces
 to feed her fighting force.

£27,000,000 Man Dies In Surgery

A man whose management in-
 creased a fortune by £27,000,000
 in five years died in a doctor's sur-
 gery at Nottingham.

He was Lieutenant-Colonel Sir
 William Thomas Cox, D.S.O., of
 Oakwood-mansions, Kensington,
 London, W.

Travelling to Nottingham he was
 taken ill on the train. When the
 train reached Nottingham Sir Wil-
 liam was taken to the surgery of
 a local doctor, where he died in
 half an hour.

Accommodation had been reserv-
 ed for Sir William and Lady Cox at
 a local hotel. It is believed that
 they intended to visit Rufford Ab-
 bey, formerly the home of Lord
 Salford, in the Dukeries, which is
 now in the market.

Sir William Cox, whose wife was
 a cousin of Sir John Ellerman,
 managed Sir John's estate.

LEFT: £40,000,000.
 When the late Sir John Eller-
 man died in 1933 he left £40,
 000,000. Of this £22,000,000
 went in death duties.

Under Sir William's manage-
 ment the Ellerman estate is now
 said to have grown to £40,000,000.
 Sir William was fifty-seven. He
 was created a knight in 1937.

THE COLOUR OF CHINA

The coloured lantern slides shown
 at the China Institute recently by
 the photographer, Mr. Soong, a
 young journalist well known in
 China, were taken by the Kodachrome
 process and are said to be
 the only coloured pictures yet
 taken of war scenes in China. Mr.
 Soong intends to show them
 privately to many groups interest-
 ed in China.

The first slides were delightful
 beauty, views of Portuguese Macao,
 still distinguished by its eighteenth-
 century architecture, of Hongkong,
 of Yunnan Province and its capital,
 a town so ancient that the trudging
 of thousands of years has
 lowered some of the streets by
 fifteen feet.

There were pictures of lovely
 formal gardens, of peasant life,
 and of temple interiors.

WAR SCENES

And then war scenes in the
 North of China, young soldiers
 with a variety of uniforms and
 equipment entraining, cornfields
 which provide excellent cover for
 the Chinese soldiers, and troops
 reoccupying the ruins of a town
 where each of the 4,000 houses had
 been destroyed.

The uncoloured film which
 followed was too small for public
 exhibition. It was made by an
 American missionary organiza-
 tion to interest people abroad in
 the work which is being done in
 China for the relief of child
 refugees and their training in
 handicrafts.

AMENDMENT TO PRISONS ORDINANCE

Dietaries Rule Changed

It is notified in the "Government
 Gazette" that in exercise of the
 Powers conferred by section 17 of
 the Prisons Ordinance, 1932, the
 Governor in Council amends the
 Rules made under section 18 of the
 Prisons Ordinance, 1899, Ordinance
 No. 4 of 1899, as amended by the
 Rule made on May 7, 1931, published
 as Government Notification No.
 288 in the Gazette of May 15, 1931,
 as follows:—

AMENDMENT

The first paragraph under the
 heading of Dietaries in the said
 Rule is deleted and the following is
 substituted therefor:—

The diets of prisoners shall be in
 accordance with the following
 scales and instructions: Provided,
 wherever tea, cocoa, chicken, cheese
 or chutney appear in any of the
 said diets, that the inclusion in the
 diets of such articles shall be deemed
 to be privileges only and in-
 tentinally so included as rewards
 for good conduct, and that one or
 more of such articles may be with-
 drawn by the Superintendent from the
 diet of any prisoner for a
 breach of prison discipline for
 periods of seven, fourteen or
 twenty-one days subject to a right
 of appeal against such withdrawal
 to the Commissioner.

WHY THE NAVY'S RUM RATION IS STRONGER

An Admiralty official has ex-
 plained why, after a six-months'
 trial, stronger rum issues have
 been sanctioned for the Navy.

From now on the sailor's daily
 ration will consist of only two-parts
 water. Instead of three, already
 mixed. The change ends a 200-year-
 old custom.

The new regulation does not
 mean that sailors have gone "wet."
 On the contrary, an increasing
 proportion of ratings do not line up
 for their rum issue. They collect
 their 3d. a day from the Paymaster
 instead.

The Admiralty official said: "A
 certain number of men in His
 Majesty's ships asked their com-
 manders if the rum issue could
 not be made stronger, not neces-
 sarily with more rum, but with
 less water. Their lordships decided
 to give it a trial, and as the experi-
 ment has shown the men can bear
 up well under it, two-water rum
 has become the order of the day."

GRIM STRUGGLE IN HUPEH

Japanese Using Bombs And Gas

ICHANG, Mar. 4 (Central).—
 The grim struggle between the
 Chinese and Japanese on the
 Han River valley in central
 Hupeh continues unabated.

Both sides are bringing up
 heavy reinforcements for the
 fight. The Japanese are resorting
 to the use of bombing
 planes and gases in an effort to
 dislodge the Chinese from their
 strongly-defended positions.

Fighting centres around Yokow-
 chen, southwest of Tienmen,
 Wamiaotai, on the Hankow-Ichang
 highway, and Sunchiao on the
 Kiangshan-Chungsiang highway. At
 Yokowchen the Japanese failed in
 several attempts to cross the Han
 River to attack the Chinese entrench-
 ed on the opposite bank.

On the Hankow-Ichang highway
 the Chinese are putting up effective
 resistance to the Japanese driving
 westward from Wamiaotai. A Ja-
 panese unit which forced its way
 to Chengchiachiao, has been de-
 feated and is fleeing in a northerly
 direction.

SEVERE STRUGGLE

The struggle at Sunchiao is de-
 scribed as particularly severe. In a
 seaway battle the Japanese have
 suffered no fewer than 200 casual-
 ties during the last two days. Ja-
 panese reinforcements have been
 dispatched from the Hankow-
 Ichang highway in an attempt to
 outflank the Chinese. The latter,
 however, are successfully resisting
 their attacks.

In view of the increasing active-
 ness of the Chinese guerrillas in
 the outskirts, the Japanese at
 Yoyang on the Canton-Hankow
 Railway in north Hunan are erecting
 barbed-wire entanglements and
 sandbag barricades inside the city
 in preparation for street fighting,
 according to reports from Hunan.

Japanese garrison units stationed
 along the railway between Yoyang
 and Matang, about 9 miles south
 of Yoyang, have been subjected to
 constant attacks by the guerrillas.

TWO-SIDED MILLIONAIRE

There were two sides to the late
 Sir Henri Deterding. One was
 human, the other suggested the
 uncannily smooth and efficient
 operation of some mechanical
 marvel.

The latter was conspicuous in
 the way he demolished the gold
 standard. He supported his
 argument by a barrage of figures
 under which no "gold" man
 could have lived.

While conducting this offensive
 he had a telephone conversation
 with Amsterdam, signed a sheaf
 of cheques, and made notes for a
 letter (against the gold standard).
 He meant to type out himself.

During the course of this "gold
 debunking" process it was noticed
 that he tore stamps off some
 envelopes. He explained, that he
 always did this for his grand-
 children.

"My own collector's tastes are
 more expensive." The smile with
 which he referred to his art
 collection might be described as
 apologetic.

KOWLOON AND RECREIO TIE BIG MATCH

Fighting Finish To League: Indians' Sporting Loss

MOST IMPORTANT GAME ON THE CARD, and one which might have practically decided the destination of the senior cricket shield, the match between Kowloon Cricket Club and Club de Recreio, played on the former's ground on Saturday, resulted in a draw.

The position, therefore, remains unclarified and one of the best finishes to the senior cricket league for many years past is assured.

Another very good game, one in which both sides played sporting cricket throughout, was that between the Hongkong Cricket Club and the Indians at Chater Road. In particular, the Indians deserve special mention.

Set 189 runs to get in just under two hours, they were always battling the clock as well as the Club bowlers. After a minor collapse, a fifth-wicket partnership gave them a sporting chance. When they were within striking distance, however, some more wickets fell, but the last reliable batsman on the side went in with instructions to get the runs or get out.

He got out, the rest failed, and they lost by 12 runs. But it was that kind of a game that, though one side takes all the points, honours are actually shared.

Scores follow:—

CLUB DE RECREIO BEAT HONGKONG LADIES

A THRILLING HOCKEY MATCH was witnessed at King's Park yesterday morning when Club de Recreio "A" beat the Hongkong Ladies by one goal to nil in a Brawn Cup fixture. With 23 points out of 13 games played, their victory has placed them in a strong position at the head of the table, their closest rival, the Hongkong Ladies, trailing behind with 18 points out of 11 games.

Displaying marked superiority Recreio ladies proved by their win yesterday that their previous success over the same team was no mere flash in the pan.

The Recreio victory came as a minor surprise as it had been anticipated that, with the Hongkong Ladies fielding their strongest side, they would have a difficult time. As it turned out, however, the game was fairly one-sided and that Recreio did not score more goals was due to their forwards' inability to press home the numerous scoring opportunities.

Miss M. Middleton Smith was outstanding for the losers and Miss Greig was also prominent. The last named, it will be remembered, scored four goals when they beat the Seafordites by five goals to nil on Saturday.

The Recreio defence was very sound, the intermediate trio being especially outstanding in their spilling and distribution.

The forwards, too, played well together and Miss C. Silva gave another sterling display as leader of the attack. She distributed the ball well and her understanding with the two insides paved the
